

DIFFERENT PERSPECTIVES

MELBOURNE | 14-16 OCTOBER 2019

CORO 2019

CONFERENCE OF REGULATORY OFFICERS

PROGRAMME HIGHLIGHTS

CORO 2019 is determined to challenge and stimulate our thinking on a broad range of subject matter from professionals and leaders from many "Different Perspectives".

This year we will be presented with opportunities to enrich our organisations with innovative and alternative perspectives on how and why we regulate the legal profession. We will be able to choose different pathways most relevant for our learning and for our organisations, and our input and views will be actively sought through workshop and facilitated discussion. There will be built-in and deliberate opportunities to connect with our colleagues both socially and professionally.

CORO 2019 will excite and provoke and is guaranteed to give you a Different Perspective.
